

As an Extra class VE for both ARRL and W5YI I fully support the ARRL petition RM10867 in regards to restructuring the Amateur license into 3 levels. The only exeption I may make would be to also move existing Novice license holders to General class. My justification for this is that most existing novice holders likely have as much or more on air time and therefor more practical expierience than many of the Technician class license holders that have become licensed since the last restructuring in April 2000.
